

KF-200 Knife Folder

In-line folding add-on to your existing creaser

Supports heavier paper stocks

Compatible with most other brands of "one-up" creasers

Automatic sheet set-up

User-friendly touch-screen control

Easy to follow touch screens:

Add to your existing creaser for superior in-line folding, even with heavier paper stocks.

Proximity Sensor

Knife Fold Chassis

Skew Adjustment

The COUNT™ KF-200 Knife Folder is the perfect companion to COUNT creasers, for users who want to add in-line folding of digital media. It's compatible with most other brands of "one-up" creasers. This machine is ideal for use in applications with heavier stock (up to 350 gsm card stock) where standard buckle folders can't get the job done – the KF-200 gives you a clean fold without cracking or bending the stock.

The KF-200 is equipped with a variable speed output conveyor featuring a unique proximity sensor that detects movement and ensures the smooth even flow of folded paper onto the exit tray.

KF-200 Knife Folder

An add-on to your existing creaser providing a superior in-line, folding solution that avoids cracking of digital media.

Features

- An ideal companion to COUNT™ creasers (FC114, FC114 A, AccuCreaser or EZCreaser).
- Compatible with almost any creaser – built-in micro-adjust feature compensates for variances in fold settings of different creasers.
- User-friendly touch screen for easy set up and control of the machine.
- Keep paper feed aligned at all times with a simple adjustment control.
- Clear top lid provides visibility and easy internal access.
- Innovative sensor at paper exit moves paper out of the way automatically, keeping exit clear.
- Comes with 6 pre-set folds; plus a custom option to accommodate almost any fold.
- Strong and durable components, yet up to 43% lighter than competitive in-line folders, so it's easier to handle and maneuver.

Automatic Setup for 6 Common Folds

Bi-Fold
Tri-Fold
Z-Fold
Letter Fold
Gate Fold
Double Parallel Fold

Plus a custom option for almost any type of fold.

Specifications
