RIGO LamiBind 420 HM

- Made in Europe
- Entry Level Electric Binder
- Touch Screen Control
- Seperate glue tanks for spine and side gluing
- Manual size adjustment
- Paper Dust Extractor
- Optional Glue Fume Extractor
- Optional Tape Binding

The Rigo LamiBind 420 HM is a semi automatic single clamp perfect binding machine.

It is the best choice for short and medium run binding. The machine is equipped with special slitting knives mounted and a precision milling disc, which provides the optimum preparation for the bonding surface.

The machine has a binding timer and returns the carriage automatically.

The paper dust is extracted by vacuum and glue fume extraction can be added as an option.

With it's user friendly touch-screen the machine helps every operator to make professional looking books very easily.

Reliable components are the backbone of every great machine; therefore we have implemented the most stable electronics and electrical components available to Rigo.

Installation Requirements

Power Requirements:

1x 240V 1-Phase 15A

3.0 KW capacity

Compressed Air:

Not necessary

Weight: 450 kg

Overall Dimensions 1830 x 1050 x 1190mm

Technical Description

Min length of bound document: 80 mm

Max length of bound document: 420 mm

Book Thickness from 1 to 50mm

Max cover thickness: 350 gsm

Cycles per hour: 450 (Mechanical speed)

Glue Pot with 2 KG capacity

Binding Cycle Counter

Manual Carriage Clamp, automatic start as an option

Milling Device can be switched off (optional)

Milling Height Adjustable from 0 to 3 mm

Standby Mode

Options:

Hard Cover Binding

Automatic Start of the carriage

Binding Height Adjustment

Tape Binding

Glue Fume Extractor

Large Cover Holder

Side Shelf
